THE KING OF SIAM.

How He Gets All the Wives He Wants to Make Him Comfortable.

From the San Francisco Examiner. "The Chinese do all the mental labor in Siam. They also keep all the pawn-shops and gambling-houses, and teach the Siamese how to gamble," said Lieut. L. S. Rasmussen at the Grand Pacific yesterday. He is a young Danish officer, who went to Siam six years ago, at the solicitation of the King, to assist in drilling the royal troops in European fashion.

The firms ordered to appear in court on Dec. 4 are as follows: City and Suburban Investment Co., Carondelet Clothing Co., Cunningham Bros., Woolen Co., Crescent Candy Co., Dehnert-Waerpel, Will Building Co., Ball's, etc.

Another Zink Case.

Alexander P. Shay and Nancy Shay entered suit this morning against the Northwestern Savings Bank to recover possession of two notes executed by the plaintiffs and delivered to William Zink on Aug. 18, 1895. One of the notes is for \$200, the other for \$250, payable in three years, and one deed of trust delivered to Charles E. Nichols as trustee. The plaintiffs claim that the bank is wrongfully holding the property and ask judgment for its recovery and damages in the sum of \$250.

FISHBACK-BROWN CASE.

The Motion to Quash Argued To-day by Attorneys Bell and Smith.

Leverett Bell and Ford Smith argued the motion to quash the notice of contest in the Fishback-Brown case. In this case, as is well known, George W. Fishback is the contestant and Joseph Brown, who is now acting as defendant, is the contestee. The contestant has applied for a recount, filed a motion of contest and related precinct by precinct the number of ballots credited to Brown which were really intended for Fishback. The whole number of ballots wrongfully credited, the contestant claims, are sufficient to elect him to the office.

AFTER THOMPSON.

One of the Commission Man's Creditors Asks for a Warrant.

HE SAYS THAT THOMPSON IS HIDING IN THE CITY.

The Commission House Closed Up To-day—Young Scott, Thompson's Clerk, Also Disappears—More Complaints Coming In From the Country.

J. A. Thompson, who up till yesterday did a commission business at 117 North Market street, is still absent from the city, and it is supposed that he has been joined in his retreat by young Scott, the man who passed as clerk of the establishment. It is believed now that Scott was the company of the firm, as he failed to put in his appearance at the store this morning which seems to signify that he did not care to be here at any investigation that might be made. The store remained closed this morning till the rental agent's clerk went in to stick up a sign "To Let" in the window.

On three floors of the store there were a goodly number of crates and barrels, all empty, showing that Thompson must have been in the city last night. Only a half dozen sacks of old rags were left in the stock, and the rest of the contents of the best business on the street.

MORE COMPLAINTS.

Funsten Bros. & Co. had another telegram from one of Thompson's creditors asking them to collect if possible \$48 for shipment of some shirts and seventy ducks made some time ago.

"I am sorry," said Mr. Funsten, "that these people were sent to me. As is also the one I have a telegram from yesterday, but they deserve it. They were well enough up in the markets to know that Thompson could not afford to pay the prices he bid, and might have known he was a swindler."

Most of Thompson's neighbors in business have bills in their hands for collection against the late firm from some of their customers so that the loss of property in that case will not be so great. The other day he was heavily frightened and a loss of property will result from it, including a lot of dogs, some of which were killed or crippled, and the rest broke to the woods.

Nothing can be ascertained as to who Thompson was where he came from or whether he has gone.

He paid his debts in the city, which fact probably aided him in working his big bluff on the country people. It is said that when a merchant wrote him for references he replied that their business was of such standing they needed no references and they need not ship unless they wanted to. The bluff usually worked.

WANTED A WARRANT.

W. J. McColgar, a merchant of Boylston, Ill., called at the Four Courts to-day and applied for a warrant against Thompson. McColgar charged that two checks which Thompson had given him for goods shipped from the Western Merchants & Co., a firm in Chicago, had not been paid. He said that Thompson had not paid him for 914 pounds of chickens, which he was making in all about \$33 that McColgar is out.

McColgar was one of those who was attracted by Thompson's offer of a central commission house, which he had made in Chicago, which was two stores, one at Boylston, Ill., which is 100 miles from St. Louis on the Air Line, and a store at Meridian, Ill., he dealt in general produce.

The first information he had that everything was not all right with Thompson was a letter received a few days ago from Western Merchants & Co., a firm in Chicago, notifying McColgar that a check of Thompson's, which McColgar had cashed at the Western Merchants & Co., was not good. The check was for \$18.50 and was drawn on the German Savings Bank. When McColgar received the letter he had a load of nuts worth about \$400 loaded ready to ship to Thompson.

He immediately made out a bill of lading for the goods and ordered the shipper to ship the goods. He then called on Thompson and told him that the check was not good. Thompson told him that he would pay the bill of lading, but he did not do so. McColgar said that Thompson had engaged a man to look him up, he said, but he did not find him. He said he found Thompson, Mr. Estep would not issue the warrant, however.

European Anarchists.

PARIS, Nov. 11.—A high Spanish police official has arrived here on a special mission connected with the recent dynamite bomb outrage at Barcelona. Several arrests of French anarchists, suspected of complicity in the Liceo Theater explosion, are expected to-day, and it is believed that the investigation now in progress will result in disclosures showing that the anarchists in Europe are acting in concert, and that all recent dynamite outrages and conspiracies have been carefully planned by a central committee whose headquarters are not yet located.

Important documents which prove a connection between the European and Chicago anarchists, beyond a doubt, are now, according to the police, in the possession of the police of Vienna.

An Ill-Matched Pair.

CHICAGO, Ill., Nov. 11.—Andrew Warren, 80 years old and said to be worth \$360,000, has sued for divorce from his wife. He alleges that she tried to kill him with both knife and poison; that she has been very cruel and has a passion for speculation on the Board of Trade.

Warren alleges that his spouse has stolen money from him, sold his clothes, hay from his barns, trees from his yard in fact everything she could find, to secure money for speculation.

Charles F. Mertens, of 240 Sullivan avenue, swore out a warrant to-day against Joseph Collett, of 1447 North Fifteenth street, charging assault with intent to kill. Mertens stated that he and Collett, who is a blacksmith, had a quarrel last Wednesday night on Cass avenue, near Twelfth street, and that Collett stabbed him in the left thigh.

Colorado Postmaster Murdered.

UNDER ARREST

Peter J. C. Marion Will Have to Answer for Murder.

Taken Into Custody by Sheriff Langley This Morning.

ACCUSED OF SHOOTING AUGUST VOUDRIE AT PITTSBURG LAKE.

The prisoner is a prominent farmer and an ex-school teacher and ex-justice of the Peace—He claims to be innocent, but the authorities say they have strong proof of his guilt—His alleged threats—East Side News.

Peter J. C. Marion, a prominent farmer of St. Clair County, Ill., was arrested by Sheriff J. D. Langley today on the charge of murdering August Voudrie, who was mysteriously killed at Pittsburg Lake Oct. 17. Voudrie was fishing in a boat on the lake that day in company with Jacques and Theodore Quidard, for whom he worked, and was shot from the shore. It was late in the afternoon and almost dark. Voudrie's companions could not see who fired the shot, but they suspected Marion, as the latter had previously ordered them not to fish on that part of the lake, threatening to shoot them if they did. Marion claimed to own the portion of the lake in front of his house, where the shooting occurred. An inquest was held, but the responsibility for the death of Voudrie was not fixed by the coroner's jury, and for three weeks no attempt was made to learn whether the killing was accidental or otherwise. This week an investigation was made, and sufficient evidence was found to warrant the arrest of Marion on the charge of killing Voudrie. Yesterday afternoon Mrs. Voudrie, who lives near Four Mile Crossing, went to Belleville and swore out a warrant against Marion. This morning Sheriff Langley arrested Marion at his home on the west side of the Bluffs, near the lake, and took him to Belleville.

Marion is an ex-school teacher. He has lived in Centerville station township nearly all his life, and has taught school in the bottoms about twenty-five years. It is said that he is a very well-educated man. He was once a Justice of the Peace in the township. About four years ago his term expired, and he has not held office since. When questioned by Sheriff Langley today in regard to the killing of Voudrie, the accused entered a general denial of the charge. He claimed to have no knowledge of the killing and professed to be fearless of the result of a trial. On the other hand, it is claimed that there is sufficient evidence against him to convict him. It is claimed that Marion deliberately shot at the occupants of the boat; that he rested his rifle on the trunk of a tree and fired at the three men who were trespassing on the ground he professed to own. There is also a claim that he fired the shot which killed Voudrie, the stock of a gun carried by Judge W. P. Maurer's son a week ago. Marion is about 70 years old. He has a wife and six grown sons and daughters. He will have a hearing Thursday before Justice McDard at Belleville.

EAST ST. LOUIS NOTES.
James Murphy, a saloon-keeper of Main street and Brady avenue, applied to Justice Healy today for a warrant for the arrest of Cavanaugh, a switchman, on the charge of assault with intent to kill. He claimed that Cavanaugh had assaulted him in his saloon and struck him with a club which broke his left jawbone. The warrant was issued, but Cavanaugh has not yet been arrested. It is said that he is a very well-known man in the city.
Mrs. Louis Flaherty, through an attorney, filed a bill in the City Court today against her husband, Henry Flaherty, for a divorce. The bill was based on the ground of desertion. EMPLOYERS' LIABILITY.

The New Clause to the Bill to Come Up in the House.

LONDON, Nov. 11.—It is generally believed that the new clause to the employers' liability bill offered by Mr. McLaren, enabling workmen to contract for themselves out of the provisions of the measure and which was defeated in the House of Commons last night by a majority of nineteen, will be reintroduced in the House of Lords in some form. The Times says the House of Lords is not likely to pay much regard to a majority of nineteen, especially as it says that the Government was supported in the division by fifty-seven Irish members, whose constituents are not widely addicted to industrial pursuits.

HUNTINGDON, PA., Nov. 11.—Two largely attended mass meetings of the Broad Top district miners were held yesterday afternoon in the Sandy Run District at which members were present from all the districts in the region to take final action on the proposition of the operators for a reduction of 10 cents per ton mining. After an animated discussion the miners voted to reject the offer and the strike was declared off. The strike affected about 800 miners and mine laborers, who went to work today.

I will state that not a single officer will be abolished. The board will meet at 10 o'clock on the 14th of the old officers will be re-elected.

Among the more prominent speakers were G. W. Mowbray of the Commonwealth and Editor Samuel of the Commercial. In his speech Mr. Samuel, among other things, said that the men executed six years ago in Chicago were not anarchists, but labor agitators. He said that the blood of these men had nourished the seed of the Anarchist movement throughout the world. He said that the Anarchists were not a new movement, but an old one, and that they were not a threat to the state, but a threat to the world.

HAWAII MONARCHY.

The United States Will Repudiate the Provisional Government.

CLEVELAND'S ATTITUDE CONDEMNED ON THE PACIFIC COAST.
Recognition of the Queen's Right to Restoration May Prove a Death Blow to American Interests—Gen. Harrison Predicts Bloodshed—Feeling at Washington.

SAN FRANCISCO, Cal., Nov. 11.—The Chronicle, commenting editorially on the Hawaiian question, calls Commissioner Blount's labors in Honolulu "a farcical investigation," and referring to Secretary Gresham's recommendation that the Queen be restored to the throne, says: "This is a new business for an American President to engage in. There is a strong ground for believing that the restoration of the monarchy will prove the death-blow to American interests in the islands and that the reconstruction of those interests may be accompanied by acts of violence for which the American people will hold Cleveland responsible."

FEARS ANOTHER ATTACK.
John Finn Fears Less He Should Again Become Delirious.
Notwithstanding that the Grand-jury ignored the bill charging him with murder and that his case in the Criminal Court was held prosequed yesterday, John Finn, the motorman, who in last August slew his little son and seriously injured his two small daughters with a flat-iron, does not feel relieved. The dim, half-dazed memory of that terrible morning haunts him, and he is depressed by the thought that he may again be prompted to murder by that dread typhoid fever. It will be remembered that when it was thought he had entirely recovered, he was removed from the City Hospital to the cell where he was stricken again by the fever and caused much excitement by his wild delirium. Finn remembers all this, and it has caused him to lapse into a settled melancholy. He is averse to discussing the tragedy, and does not mention it when he refers to it as "August 8." When his wife and the two little girls he attempted to kill, call to see him each day the scene is very affecting. Finn sits in the cell, his head buried in his hands, and his face is a picture of despair. He is a man of about 30 years of age, and is a native of Ireland. He was a motorman by profession, and was employed by the Pacific Coast Motor Company. He was arrested on August 8, 1900, and was held in the City Jail. He was charged with the murder of his son and the attempted murder of his two daughters. He was found guilty and was sentenced to life imprisonment. He is now in the City Jail, and is being watched by the police.

STEVENS INDIGNANT.
AUGUSTA, Me., Nov. 11.—John L. Stevens, late United States Minister to Hawaii, read Secretary Gresham's report carefully and said: "The position to which Secretary Gresham has seen fit to commit himself is so extraordinary, so void of real foundation of truth, so calumnious of the living and the dead that I have no extended reply to make at this time. I prefer to let time and events and history decide the issue. The Secretary has made a statement that the Hawaiian people are not fit to govern themselves. This is a statement that is as false as it is outrageous. The Hawaiian people are a brave and noble people, and they are capable of governing themselves. PUSHING WORK

Next Session of Congress May Not Be a Long One.

The Appropriations and Ways and Means Committees.

BOTH THOSE BODIES ARE NOW AS BUSY AS BEAVERS.

A Friendly Rivalry as to Which Shall First Be Ready to Report—Congressmen Will Be Afforded No Excuse for Not Getting Down to Business Immediately After Convening—Washington.

WASHINGTON, D. C., Nov. 11.—There are many hopeful indications that the coming session may not last as far into next summer as has been feared by those who dread the ardor of a Washington summer climate. There is quite a rivalry between the Appropriations and Ways and Means Committees as to which shall get first consideration for their measures in the House, and while party policy may dictate the preference to the Ways and Means Committee and give practically the entire months of December and January to the consideration of the tariff bill, the Appropriations Committee will certainly have its bill in the House ready for consideration at a date much earlier than has been the custom in the past.

Mr. Sayers of Texas, the new Chairman of Appropriations, has remained in the city ever since adjournment and is to be found daily in his committee-room poring over the estimates and collecting data upon which to base the forthcoming appropriation bills. He has determined that the opening of the regular session in December shall find the committee ready to present its most important appropriation bills to the House, and calls have been issued to the members of the Subcommittee on Postoffice, Fortifications and Sundry Civil Bills to meet in this city on the 20th inst., and at once enter upon the preparation of these bills, the estimates having now been mostly received from the committee. A similar call has been issued to the Subcommittee on Legislative Bills to meet Nov. 27, and Chairman Sayers expects that all of these bills will be ready for presentation on the opening day in the session.

It is now quite definitely settled that the tariff bill will be ready by the opening of the regular session; and, with the Committee on Ways and Means and Appropriations ready for action, it is likely that the opening month of the session will offer little of the monotony of previous sessions, when the work of Congress has been so frequently delayed by the business of committees.

Chairman Springer of the Banking and Currency Committee, upon whom will also devolve much of the important work of the coming session, is in constant communication with his colleagues of the committee and is holding frequent conferences with the financial officials of the session, and anticipates that the committee will be ready to report on the opening of the session.

There is a well-considered determination among the chairmen of all the important committees to conclude their work at the earliest practicable moment, and it is expected that the session will be a busy one. The regular session at a day not later than June 30. The work of the special session has facilitated the organization of the two Houses and enabled all committees to proceed at once with their labors, an adjournment at this early date seems possible.

TIMBER CULTURE REPEAL LAWS.

WASHINGTON, Nov. 11.—Assistant Commissioners Bowyer of the General Land Office has rendered decisions constraining a provision of the timber culture repeal law of March 3, 1891. That law provided that persons who had made timber culture and who had planted and cultivated the same for four years should be allowed to prove upon the land by payment of \$1.25 per acre, or by the payment of \$1.25 per acre, or by the payment of \$1.25 per acre.

CLEVELAND AND WOODLEY.

WASHINGTON, D. C., Nov. 11.—President Cleveland has extended the lease of his country home at Woodley to the spring of 1897. It was first made for one year to the spring of 1894. It is said that he intends to spend much of his time this country place in preference to the White House during the winter months of the year when the weather is likely to make it impracticable.

DISMISSED FOR DRUNKENNESS.

WASHINGTON, Nov. 11.—The Land Commission has dismissed for intemperance and neglect of duty three men appointed last spring to examine the pine on the ceded Chippewa lands in Minnesota. They are Robert St. Hall of Georgia, D. E. Stacy of Minnesota, and Peter Velling, of Wisconsin. Others will be appointed to succeed them when Secretary Sherman returns.

L. F. DAY CHOSEN.

The Southwestern Traffic Association Finally Agrees on a Chairman.

After wrangling six months over the chairmanship question, the Southwestern Traffic Association at its meeting this morning elected Mr. L. F. Day to the position, receiving the unanimous vote of the membership. Mr. Day, the newly-elected chairman, is 38 years of age, and is the present general manager of the Chesapeake and Ohio southwestern, which has been purchased by the Illinois Central and the Louisville and Nashville. By reason of the transfer of property, the problem of the association is a very serious one. It is no doubt about his accepting the proffered position, which will pay \$12,000 to \$15,000 per annum. Mr. Day came to St. Louis from Pittsburg, Pa., to accept the position of general freight agent of the Cotton Belt some eight years ago, which he held until Mr. A. S. Dodge received the appointment. Mr. Day resigned to accept his present position with the Chesapeake and Ohio southwestern, which is a position of great importance. The general headquarters of the association is at St. Louis, Mo., and Mr. Day's office will be in the Turner building with Secretary G. A. Jewett.

Testimony of a Scotland Yard Officer in the Howard Case.

JACKSON, Tenn., Nov. 11.—The testimony introduced by the Government last evening in the case of Rev. Frederick Howard was startling and produced quite a sensation. Witness F. C. Frost, inspector of police in London, England, said he had investigated William Lord Moore's record in London at the instance of Minister Robert Lincoln. Witness stated that in February, 1892, he went to the residence of William Lord Moore at No. 5, Englewood road, Shepherd Bush, London, where he found the gentleman at first alone, and then with a woman. VANDERBILT'S NEW YACHT.
Claimed she has no right to fly the Stars and Stripes.
New York, Nov. 11.—William K. Vanderbilt's magnificent steam yacht Valiant is lying in the Erie basin. The American Yacht Club insists that she has no right to fly that flag, and she is to be taken to England, where she was built three months ago, she reported to the club's board of directors as an English steamship, and so entered her at the club's house. Her commander, Capt. Morrison, says she claims to be an American, but admits that she has no American register, neither has she a yacht license. He says she has no English register either.

House of Delegates.
At the meeting of the House of Delegates last night Speaker Pro Tem. Sullivan presided. Alderman Ryan attempted to get the subway bill out of the committee's box and was promptly set down upon by the Speaker, who declared a motion to adjourn to be in order and announced it carried before Mr. Ryan could get his breath. A communication from the Mayor calling the attention of the House to the provisions of the State law relative to factories and other mercantile establishments, and requesting that an ordinance be passed in conformity therewith. A bill for the relief of George Chaplain for work done at the four-house was introduced by Delegate Casey. Mr. Chaplain was introduced providing for the drainage of the district north of Forest Park. Delegate Allen moved to amend the bill, requesting the Health Commissioner to have the law enforced against parties throwing refuse into the street.

It is further charged against the woman that she conducted a school of crime where young boys were taught to steal. The woman was arrested about the confession of a boy who had stolen a watch from his aunt, Mrs. Doyle. The boy confessed that he and his friends had been taught to steal by the woman. When a boy was especially lucky they would "rush the car" and have beer orgies in the house. He stated very recently that he frequently brought in and taught the art of pocket-picking by the woman and other boys, the latter over. In other words, according to the boy, the woman was a female Fagan.

Secretary Sheridan Webster Deposed.
The English-Speaking Workmen's Association, better known as the Anti-Socialist Association, has made a move toward curtailing the power of the German Arbitration Board over the Trades and Labor Union by deposing Sheridan Webster from his position as Secretary of the Trades and Labor Union, and as delegate from Typographical Union No. 8. The anti-socialists claim that Webster has been in sympathy with the Socialists right along, and his removal is said to be the first step toward securing for the English-speaking association the entire control of the Trades and Labor Union. The Typographical Union, particularly opposed to the socialistic element in the Trades union.

School Board Building Committee.
The Building Committee of the School Board held a meeting last night and nearly concluded its work. All outstanding bills were audited and passed. The committee paid its compliments by saying that it had done more repair work this year with \$25,000 than had been done the year before with \$25,000. Another meeting will be held on Monday next. Janitor Boettcher was removed because he was charged by Director Troland with kicking a boy in the stomach and insulting a son of Mr. Adolphus Busch. The proposition of F. W. Tamm, and by William Summersville to donate \$500 for the building of the High school for an alley, if the board would give the same amount, was accepted.

WELLS' SUCCESSOR.

Ex-Gov. Francis May Be the Next Fair Association Executive.

ELECTION WILL TAKE PLACE IN THE EARLY PART OF NEXT MONTH.

Some Important Changes in the Next President's Staff May Be Made—Track and Stable Gossip—The "St. Joe Kid," in Chicago—Coyote and Base Ball Chatting Notes.

The directors of the St. Louis Mechanical and Agricultural Association will hold their annual meeting the first Saturday of next month, when a successor to the recently deceased President, John Wells, will be elected. According to the reports the directors are almost unanimously in favor of having ex-Gov. D.H. Francis succeed Mr. Wells and it seems to be the prevailing impression that if the ex-Governor can be induced to accept the position, he will certainly be the next President.

Ex-Gov. Francis is a very shrewd business man and he is just the kind of pilot the Fair Association and Jockey Club is in need of at present. The spring meeting of the Jockey Club next year should and undoubtedly be made the most successful running meeting since the late President's death. The Western circuit, which it is believed will be the next President, will take place at the Jockey Club management to indulge in some progressive methods, with a hinting doubt, be an assured fact, with a hustling business man at the helm of the institution. The directors desiring ex-Gov. Francis' election as president, are all said to be in favor of conducting Capt. Bellairs' services to the race track exclusively in the future, and engaging another man to look after his numerous other duties. The race track management took up the greater portion of the late executive, Mr. Wells' time, and it is not thought that Mr. Francis can be induced to take the presidency, under the same conditions. The suggestion that Capt. Bellairs be assigned to assist the president, in looking after the race track management exclusively, was first made by one of ex-Gov. Francis' friends, which gives it unusual significance. The suggestion made in the Post-Dispatch, in relation to the effect that an effort should be made to arrange a special match race between Morello, Clifford, Rudolph and Yotamben to take place at the Fair Grounds the early part of next June, may receive consideration. The local turf world enthusiastically in favor of the scheme, and it is admitted by all that such an event would be the biggest kind of an advertisement for the Jockey Club and St. Louis.

The St. Louis Jockey Club, the aristocratic racing association of this city, was not represented at the annual meeting of the Western Turf Congress, which was held in Cincinnati the past week. This was due to the indisposition of Director C. C. Manitt, who had been delegated to attend the meeting in the interest of the Jockey Club. A great many of the local turfites have been under the impression that Frank Shaw was present in the interest of the Fair Grounds, but such was not the case. Shaw is the manager of the Twin City Jockey Club of St. Paul and he was on hand representing that track. The Washington Post-Jockey Club and the Hawthorne Racing Association of Chicago are only a few of the many associations of this city are not members of the Western Turf Congress.

GAVE UP THE GHOST.
Detroit Will Not Be Represented in the League Next Season.
DETROIT, Nov. 11.—Detroit will have to do without a National League team next year as nobody seems to care to take a lease in securing a franchise, which, as already announced, was offered for sale to this city. A meeting was called for last night in the hope that the franchise action could be taken on the matter. Only two men showed up, and after waiting awhile for re-enforcement they gave up the ghost and Fred Stearns will not attend the National League meeting in New York next week, as an official representative from the City of the Straits.

THEY WENT ASTRAY.

Two New Springfield, Mo., Girls Taken From an Immoral Resort.

ONE OF THEM THE BEAUTIFUL DAUGHTER OF JAMES MAYO.

She Was Ruined by the Man She Loved and Deciding Upon a Life of Shame Brought Laura Gibbs With Her—Willing to Return Home.

Among the many prisoners who occupied cells in the holdover last night was Eva Mayo, the beautiful brunette daughter of James Mayo, a prominent grocer of New Springfield, Mo. Miss Mayo was taken from the immoral resort conducted by Kitty Henschel at 208 Chestnut, last night about 10 o'clock, on suspicion of being under age and running away from her home. She was rather stylishly dressed in a neat china silk, and wore a jacket and hat of the latest style. When she entered the police station last night her black eyes flashed angrily, as she thought of entering a filthy cell in the calaboose.

Miss Mayo says she is 18 years old. She is the daughter of one of the most respectable men in the city, and her family is in the State, but her wild disposition has caused her relatives and friends a great deal of trouble.

HER LOVED TOO WELL.
Eva's first deviation from the path of the right occurred about a year ago when she met a young man in Springfield, Mo. She fell in love with the young fellow, and to her sorrow, for before long, she claims, he had her lead astray. Since this event Eva has been wayward and her parents tried every means available in order to keep her from doing wrong.

She was decided to go to her home for some position in life and although she had received a very good education in the schools of Springfield a course in stenography was thought to be to her liking. She was sent to St. Louis for the first time seven weeks ago, in order to go to a business college to study shorthand. Miss Mayo tried the shorthand system a few days, but she soon became disgusted and left school. She wrote home to her father that she had quit school and was looking for a position in St. Louis. Her father, who was a well-to-do man, was very much distressed by her conduct, and he wrote her a long letter, telling her that he would not give her a cent of money until she was married. She was so angry at her father's letter that she wrote him a long letter, telling him that she would not marry him until he gave her the money. She was so angry that she wrote him a long letter, telling him that she would not marry him until he gave her the money.

The Leading Cycling Writers Think the Chief Consul Should Be Re-Elected.
All of the leading writers of the country are clamoring for the re-election of Robert Holm, as chief consul of the L. A. W. Missouri Division. "Nubio" of the Cycling Guide says: I have the honor of the friendship of Mr. Holm, and in all my knowledge of the worth of the Western wheelmen he is the best man for the position. He is a true type of a gentleman and an executive officer of the L. A. W. The wheelmen of this city are very much in favor of his re-election, and it is thought that he will be elected.

The latter is being handled by George Baptiste. McFadden and Mooney are very bitter enemies, and it is thought that they will have a match sometime in the future.

Archbishop Corrigan was seen, but refused to talk. Father Lavelle, the rector of the church, said that he was not sure of the best of his knowledge no such edict had been given out or existed.

Considerable excitement was occasioned at the Union Depot last night by the finding of a baby carefully wrapped up and asleep on a seat in the ladies' waiting room. No one was in charge of the baby and those sitting near did not know anything about it. The baby was taken charge of by Depot Matron Mrs. Fraser. Just then a woman hastily pushed her way through the crowd and claimed the child. She was mother and had left it asleep while she went to the ladies' waiting room to send a telegram. THEY WENT ASTRAY.

Two New Springfield, Mo., Girls Taken From an Immoral Resort.

ONE OF THEM THE BEAUTIFUL DAUGHTER OF JAMES MAYO.

She Was Ruined by the Man She Loved and Deciding Upon a Life of Shame Brought Laura Gibbs With Her—Willing to Return Home.

Among the many prisoners who occupied cells in the holdover last night was Eva Mayo, the beautiful brunette daughter of James Mayo, a prominent grocer of New Springfield, Mo. Miss Mayo was taken from the immoral resort conducted by Kitty Henschel at 208 Chestnut, last night about 10 o'clock, on suspicion of being under age and running away from her home. She was rather stylishly dressed in a neat china silk, and wore a jacket and hat of the latest style. When she entered the police station last night her black eyes flashed angrily, as she thought of entering a filthy cell in the calaboose.

Miss Mayo says she is 18 years old. She is the daughter of one of the most respectable men in the city, and her family is in the State, but her wild disposition has caused her relatives and friends a great deal of trouble.

HER LOVED TOO WELL.
Eva's first deviation from the path of the right occurred about a year ago when she met a young man in Springfield, Mo. She fell in love with the young fellow, and to her sorrow, for before long, she claims, he had her lead astray. Since this event Eva has been wayward and her parents tried every means available in order to keep her from doing wrong.

She was decided to go to her home for some position in life and although she had received a very good education in the schools of Springfield a course in stenography was thought to be to her liking. She was sent to St. Louis for the first time seven weeks ago, in order to go to a business college to study shorthand. Miss Mayo tried the shorthand system a few days, but she soon became disgusted and left school. She wrote home to her father that she had quit school and was looking for a position in St. Louis. Her father, who was a well-to-do man, was very much distressed by her conduct, and he wrote her a long letter, telling her that he would not give her a cent of money until she was married. She was so angry at her father's letter that she wrote him a long letter, telling him that she would not marry him until he gave her the money. She was so angry that she wrote him a long letter, telling him that she would not marry him until he gave her the money.

CLAMORING FOR HOLM.
The Leading Cycling Writers Think the Chief Consul Should Be Re-Elected.
All of the leading writers of the country are clamoring for the re-election of Robert Holm, as chief consul of the L. A. W. Missouri Division. "Nubio" of the Cycling Guide says: I have the honor of the friendship of Mr. Holm, and in all my knowledge of the worth of the Western wheelmen he is the best man for the position. He is a true type of a gentleman and an executive officer of the L. A. W. The wheelmen of this city are very much in favor of his re-election, and it is thought that he will be elected.

M'FADDEN AND LUTTBEG.
The Pair May Throw Again if Luttbeg Wins Mooney.
Barney McFadden, the wrestler who was thrown by Max Luttbeg several years ago, is in the city. McFadden has been in Chicago all summer and came down to witness the Mooney-Luttbeg match, which occurs Dec. 2. The report in circulation that he came to the city to train Mooney is incorrect. The latter is being handled by George Baptiste. McFadden and Mooney are very bitter enemies, and it is thought that they will have a match sometime in the future.

The Catholic Ban.
New York, Nov. 11.—Members of a large number of orders whose objects and workings are secret and therefore believed to be under the ban of the Catholic church are under the ban of a report telegraphed from Hartford, Conn., that at a conference of the church priests at the expense of the church in this city it had been decided to rescind the ban from the Knights of the Ku Klux Klan. Archbishop Corrigan was seen, but refused to talk. Father Lavelle, the rector of the church, said that he was not sure of the best of his knowledge no such edict had been given out or existed.

She Claimed the Child.
Considerable excitement was occasioned at the Union Depot last night by the finding of a baby carefully wrapped up and asleep on a seat in the ladies' waiting room. No one was in charge of the baby and those sitting near did not know anything about it. The baby was taken charge of by Depot Matron Mrs. Fraser. Just then a woman hastily pushed her way through the crowd and claimed the child. She was mother and had left it asleep while she went to the ladies' waiting room to send a telegram. She was delayed longer than she expected.
